

■ **Neuhaus Neotec Installs Roasting Plant in New Zealand—**

Recently, Neuhaus Neotec, the north German manufacturer of roasting plants, installed a RC 150 roasting plant at Cerebos Gregg's Limited in Dunedin in southern New Zealand. Together with the affiliated company Cerebos Australia, Cerebos Gregg's supplies Oceania's coffee drinkers with various coffee blends. The Cerebos group includes brands such as Robert Harris Cafe, barista@home, Atomic, Caffè L'affare and Bruno Rossi, which are well known in New Zealand. The specialty roaster RC 150 offers a batch size of 150 kilograms and can roast up to 1,500 kilograms of coffee per hour. The machine features a precise roasting process to ensure uniform quality, as well as a flexible and rapidly adjustable control technique.
